PROFESSIONAL EXPERIENCE

Motion designer | Videomaker | Post-producer

dal 2014 ad oggi  Freelance  Quattro Castella

I work, as a freelance designer, on video making projects for event reportage and corporate projects, following every stage - from conception to filming, from editing to post-production, including colour grading.

I have technical skills in the realisation of multi-camera live broadcasts for public and private events on web platforms.

As a motion designer, in addition to knowledge of the main software, I have graphic design and illustration skills. I directly manage voiceovers and multilingual dubbing with professional voice actors.
